

# BUILDING DESIGN GUIDELINES

## **ASPIRE** BUILDING **DESIGN GUIDELINES**

#### **APPROVAL PROCESS**

#### **STEP ONE Awareness**

Preliminary advice may be sought from the DAP at the time of purchase to ensure that concept designs will meet the requirements of the Guidelines.

#### **STEP TWO Submission**

All house plans and design features are to be submitted in duplicate to the DAP for approval.

#### **STEP THREE Approval**

Providing all documents have been submitted and are compliant allow approximately 10 working days for approval.

## STEP FOUR Re-Submission Any plans that do not comply with the Guidelines will be returned with the Developed to enhance the long term investment of purchasers, the Design Guidelines areas of non-compliance highlighted. ('Guidelines') have been created to ensure all homes at Aspire are built to a high Plans may then be amended and can standard whilst encouraging a variety of housing styles which are in harmony be resubmitted for approval. with the streetscape and contribute to the environment in a positive way. **STEP FIVE Construction** This outline of the Guidelines should be used in conjunction with the extended Aspire Once a building permit has been Design Guidelines available at aspirefraserrise.com.au. All homes at Aspire must comply obtained, construction of your house with the Guidelines which will be managed by the Design Assessment Panel ('DAP'). may begin. The DAP must approve plans prior to the commencement of home construction.

#### **GUIDELINES BUILDING ENVELOPES** & PROFILE DIAGRAMS

All buildings including garages must be contained within the Building Envelope specified for the chosen allotment and in accordance with the profile diagrams.

#### Lots Smaller than 300m<sup>2</sup>

If your lot is smaller than 300m<sup>2</sup>, a Building Envelope has not been specified as Council requires that your house goes through an additional approvals process. Your house design is to be assessed against the Small Lot Housing Code. A copy of the Small Lot Housing Code can be obtained from Council.

#### **Single Storey Building Envelope Hatch Types**

Single Storey Building Envelope (wall height not exceeding 3.6m)

### **Double Storey Building Envelope**

Habitable room windows or raised open spaces are a source of overlooking

Non Overlooking Zone Habitable room windows or raised open

Construction of all dwellings must commence within 18 months of settlement and must be completed within twelve months of commencement.

#### The minimum dwelling size is:

- 75m<sup>2</sup> in the case of a lot having an area of less than 300m<sup>2</sup>;
- · 100m2 in the case of a lot having an area of 300m<sup>2</sup> or greater but less than 400m<sup>2</sup>:
- · 130m<sup>2</sup> in the case of a lot having an area greater than 400m<sup>2</sup> but less than 500m<sup>2</sup>:
- 160m² in the case of a lot having an area of 500m<sup>2</sup> or greater.

Only one dwelling is permitted per lot, dual occupancy or further subdivision is not permitted.

Houses must face the main street frontage.

Buildings must not occupy more than 60 per cent of the lot unless otherwise noted in the Building Envelopes.

Two-storey houses are to be designed and sited correctly to minimise overlooking and overshadowing.

Overlooking Zone

spaces are not a source of overlooking

#### **HOME FACADES**

Houses with identical facades may not be constructed within five houses of one another in any direction, unless otherwise approved by the DAP.

The external walls (excluding windows) are to be constructed of brick, brick veneer, texture coated material or other material as approved by the DAP.

Dwellings must have at least 30% render or other texture coated material to the front facade as approved by the DAP.

The roof is to be constructed of steel or masonry as approved by the DAP.

Roof colours which reflect the natural tones of the environment are recommended and the use of COLORBOND® is encouraged.

#### SUSTAINABILITY

All homes must achieve a 6-Star Energy Rating in accordance with the Victoria Home Energy Rating System. An energy smart home takes advantage of the sun's free warmth and light and, with the inclusion of energy efficient appliances and systems, will save a great deal of energy.

All homes at Aspire with a lot area equal to or greater than  $300\text{m}^2$  are required to provide a rainwater tank with a minimum capacity of 2,000 litres, connected for use in the laundry and garden.

The use of water saving initiatives in the home including dishwashers, washing machines and other appliances is encouraged.

#### **BROADBAND NETWORK**

Aspire is an OptiComm Fibre Connected Community and all homes will have access to the high speed broadband network.

To ensure your home is ready for fibre connection, you should instruct your builder to prepare your home as per the Cable Entry Guide at opticomm.net.au.

Television antennae are not permitted as television services are available through the OptiComm Fibre Network.

#### **GARAGES**

All homes must allow for garage car accommodation and must be constructed within the building envelope.

Garages are to be setback a minimum of 5 metres from the front street boundary unless otherwise specified.

It is preferable for garages to be constructed under the main roof of the house.

Driveways should be constructed using materials that blend with or complement the dwelling textures and colours and must be completed within three months of the issuing of an occupancy permit.

Driveways must not be wider than 5 metres at the street boundary of a lot. Only one crossover and driveway is to be permitted per allotment.

## LANDSCAPING & EXTERNAL

All landscaped areas to the front of the house must be established within three months of the issuing of an Occupancy Permit.

Landscaping should be designed to minimise the need for watering.

Letterboxes should be designed to match the house using similar materials and colours.

Solar water heaters, rainwater tanks, air-conditioning units, garden sheds, ducted heating units and satellite dishes are all permitted and are to be located out of view from the street frontage.

All side and rear fences are to be constructed of timber palings with exposed posts and capped across the top to a maximum height of 1.8 metres (excluding a screen required for overlooking purposes).

Fences may be stained with a clear finish but must not be painted with coloured stains or paint.

To enhance the park-like character of Aspire, no front fencing is permitted.

No fencing is permitted forward of the building line.
