

# Masterplan

## Sequana Park

Walking and bike paths that run throughout the community criss-cross at Sequana Park, the axis of alfresco life for residents and kids. Sequana Park's main attractions are an impressive modern playground, perfect for children of all ages, luxurious open space and the BBQ and covered seating areas.

It's the perfect setting for an evening game of cricket with the neighbours, kicking a ball with the kids or hosting family and friends on the weekend for a relaxing barbecue.

## Riverside Parklands

Fronting the Logan River, Riverside Parklands let you appreciate the tranquillity of riverside living in all its glory. Its wide expanses are home to a local colony of native, Rainbow Bee-Eaters and no doubt it will become one of your family's favourite haunts too, with plenty to investigate along the riverbank and numerous winding walking/cycling paths to explore. Your furry friends will also have a ball, with separate parks for both small and large dogs to play in, leash-free.

## Reserve Park

Enter Sequana from Glen Road and you'll drive past the estate's leafy eponymous park. Take the family's four legged friend for a daily walk here, or set up a picnic blanket under the shade of a tree to enjoy the installed public artworks. It's a beautiful green space that greets you every time you arrive home at Sequana.
