ELECTRIC VEHICLE CHARGER

Take sustainability to the next level with your Electric Vehicle (EV) Charging Inverter at no extra cost!

Based on three phase up to 22kW power:

- Gets around 100km range per hour of charging
- For example, charge a Tesla Model 3 in about 4.5 hours
- Universal socket (Type 2) can charge a wide range of vehicles
- Wifi or ethernet connectivity
- 3-year product warranty

This promotion is only offered to clients building with Arden Homes in Redstone Estate, Sunbury, who provide their contact details on 28th May 2022 at the Display Village launch and deposit by 11th June 2022. ©2022 Arden Homes Pty Ltd (CDB-U 48276)
